VOL. XXIX.

HOPKINSVILLE, KENTUCKY, THURSDAY, DECEMBER 26, 1907.

No. 155

Local Leaflets

"Swearing off" day will soon be here, and if you are going to break off from some bad habit get ready and swear off in earnest.

And now the over-rushed clerks are having a breathing spell and are enjoying it.

Let everybody get ready to begin the new year by turning over a new leaf. It is true that the paper trust has ordered an advance, but everybody can afford to start out with a clean record, and a good start is the first step in the right direction.

That bill introduced by Congressman Stanley in the Lower House to make an appropriation for a public building at Hopkinsville is not the first one of its kind, and unless our people bestir themselves in the matter there will be plenty of room for others in the future.

Watch the bank statements that are to appear next week and you will have reason to believe that Hopkinsville bankers are men to be trusted when a panic strikes the country. The sound financial conditions and undisturbed bank accommodations, as has been said, are to the confidence of depositors who knew their funds were in safe hands and did not withdraw them.

Everybody had a good time yesterday and the storekeepers gave their salespeople a chance to enjoy what they found in their stockings yesterday morning.

The Kentuckian has been flooded with advertisements for two weeks,

which goes to prove that business men know where to go to get their money's worth.

The Southern Express Co. has been moved one door north of its old quarters in Hotel Latham.

A wagon load of Christmas presents were taken out of the Southern Express office Monday and carried to the asylum.

It is said that a millinery store is to be opened up in Hotel Latham on Virginia street, next door to the corner of Seventh.

New Dental Firm.

Dr. Fierstein and Dr. Smith have formed a partnership, to go into effect the first of January. Both of these gentlemen stand at the head of their profession and both have enjoyed a large practice. By the combination they will be able to largely increase their business, which is to be conducted in the name of the "Louisville Dental Parlor." The rooms of Dr. Fierstein will be used for the coming year.

HELD OVER

On Charge of Shooting And Wounding.

The examining trial of Will Brent, col., charged with shooting Jim Smith, an Illinois Central railroad colored brakeman in the yards here about a month ago, was held before Judge Prowse Monday and resulted in the prisoner being held over to circuit court on a charge of malicious shooting and wounding with intent to kill. Bond was fixed at \$500. Brent was returned to jail and had not furnished bail up to yesterday. The case was not under call for the special term to be held in January.

MILITARY BOYS GUESTS OF CITY

Banquet at Hotel Latham a Very Brilliant Affair.

WAITING FOR COURT.

Gen. Johnston and Colonel Ayres Will Return Last of the Week.

Adj. Gen. Johnston and Col. Ayres may be away a day or two, but are expected back the last of the week to stay until court meets next Thursday. The banquet to the soldiers at Hotel Latham Christmas night was intended to be a slight expression of the kindly feeling the citizens feel for the gallant young fellows who are doing their duty as soldiers at a time when everybody is thinking of home and good cheer. Co. D. was also included in the courtesy and the banquet enlarged to more than 100 covers. The visiting soldiers are making friends rapidly among the citizens and are by no means homesick or dissatisfied. They are deeply sensible of the friendly spirit shown by the people. But little if any criticism is heard of Gov. Wilson for keeping the soldiers on guard.

WENT HOME

To Have a Few Days of Christmas.

Adj. Gen. Johnston and Fire Marshal Ayres left here Monday for their homes to spend a few days during the Christmas holidays. Mr. Ayres left on a morning train after the conference with Judge Cook and Gen. Johnston took the 5:18 p. m. train. It was not given out whether or not they would return before the special term of Circuit Court, called for Thursday, January 2.

Very Ill.

Mr. James K. Forbes, of the Forbes Mfg. Co., was reported Tuesday afternoon at 2:15 to be in a very critical condition. Tuesday morning he was taken with a very hard chill and had not rallied at the hour named above. He was on the street Monday afternoon in his wheel chair and seemed in as good health as of late. His friends fear he will not recover.

Carriers Will Call.

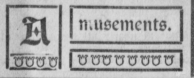

The carrier boys of The Kentuckian will be around this morning with their annual address and will expect to be remembered in the usual way. Oglesby Soyars on the Southern Route, Walter Atkinson on the Northern Route and Hugh Ryan on the Eastern Route will deliver the address with their papers and any favors shown them will be more than appreciated by the boys, who have made their regular visits during the year.

Masonic Banquet.

The Masonic Banquet Friday night will be one of the events of the week. Mr. Alex S. Cox will preside and deliver the address of welcome to the visitors, which will be responded to by Mayor Chas. M. Meacham. There will be a number of speeches made.

Will Meet at Hebron.

First quarterly meeting for the current year, 1907-8, for the Hopkinsville circuit, will be held at Hebron church next Saturday and Sunday, Dec. 28 and 29. Dr. John W. Lewis, P. E., will preach at 11 a. m. Saturday. Dinner will be served for the ladies, after which Dr. Lewis will hold the abiding court.

The Keystone Dramatic Company, which is playing a week's engagement at Holland's Opera House, is beyond question one of the best repertoire companies on the road this season and they are playing to good houses each night, which they justly deserve. The bill for Tuesday night was "The Whirlpool of Sin" and this production was witnessed by one of the largest houses to date. The plays are interspersed with numerous interesting specialties and the vaudeville acts are changed each night.

GOES INTO BUSINESS

Former Banker J. M. McKnight to Open Brokerage Office.

Former Banker J. M. McKnight, recently released from the Federal prison at Atlanta, Ga., after a term for misappropriation of the funds of the defunct German National Bank, has completed arrangements for opening brokerage offices in New York with a branch in Louisville. His local offices will be in the Atherton building and he will make his home here. McKnight has many supporters in Louisville who have always insisted that he was the victim of treacherous friends. He has had wide experience in the brokerage business and his firm will doubtless become prominent in that field. —Louisville Times.

VERY QUIET.

Police Vigilant But Nothing Doing.

Things generally have been very quiet in police circles for two weeks. A few arrests for drunkenness and disorderly conduct have been made, but otherwise everything about police headquarters looks dull, very dull.

PEMBROKE SHOW.

Annual Exhibition of Poultry Next Week.

The annual show of the Pembroke Poultry Association will be held next week at Pembroke and a fine display of poultry is expected. Judge D. T. Heimlich, of Jacksonville, Ill., who judged the show last year, will again make the awards. A good many fowls from Hopkinsville will be exhibited.

Baby won't suffer five minutes with croup if you apply Dr. Thomas' Electric Oil at once. It acts like magic.

AT EDDYVILLE

Party of Hopkinsville People Held Services There.

Yesterday was to be a big day in the Eddyville penitentiary. A party of Hopkinsville people were to go down and hold religious services with the unfortunate men behind the bars. There were two or three ministers to go with the party.

Miss Lucy Starling, Superintendent of Prison Work in the state, was of the party, and carried with her a large number of appropriate Christmas presents for the prisoners. Miss Starling has had the hearty support of the people of this city and Endeavor Societies of the State in gathering gifts for the prisoners, white and black. Warden Hagerman and his wife, as well as the other officials of the pen, have always extended every courtesy to the occasional visitors and yesterday was no exception to the rule. In fact the occasion was one of the most encouraging in the history of prison work.

Oil Inspector.

Judge C. O. Prowse has appointed Edgar Kershaw as oil inspector for Christian county. He has entered upon his duties.

A WOMAN'S BACK.

The Aches and Pains Will Disappear if The Advice of This Hopkinsville Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache. That's why Doan's Kidney Pills cure it.

Many Hopkinsville women know this. Read what one has to say about it: Mrs. John Coombs, 1238 South Virginia street, Hopkinsville, Ky., says: "For a great many years I suffered from a persistent aching across my loins and through the kidneys. At times my back was so bad I could hardly turn in bed; I could not lie on my back without putting my hand under it for in this way, it seemed to relieve the pain. A friend of Mr. Coombs told him about Doan's Kidney Pills and he got a box for me at L. A. Johnson & Co's. drug store. On using them I steadily improved until the dreadful aching was relieved and I could attend to my household duties without inconvenience. Doan's Kidney Pills did more for me than any other medicine I ever used, and I heartily recommend them."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

ANTI-TUBERCULOSIS.

Will Hold Exhibition in Louisville.

Shortly after the holidays the National Tuberculosis Exhibition, which has been at the Jamestown Exposition all during the past summer, will be brought to Louisville, where it will be open for two weeks. It is being brought to the state by the Kentucky Anti-Tuberculosis Association which hopes through its educational influence to awaken throughout the state greater interest in the fight against Tuberculosis and to impress upon the people in every county, including our own, that there is a great opportunity and great duty in this effort to stamp out the great "white plague," consumption.

In the last few years yellow fever has lost its terrors, and tuberculosis will doubtless also cease to be a source of dread when the people have been taught how to fight it and how to prevent it.

The exhibit, which is conducted by the National Association for the prevention and study of tuberculosis consists of charts, photographs, models of sanitariums and shacks for out-door treatment, together with many other displays, showing how tuberculosis is combated by the open air treatment. In an adjoining hall lectures illustrated by stereoscopic views will be delivered by prominent physicians at other points in Louisville during its exhibition in that city. No admission will be charged and the halls will be open all day.

Consumption, according to all authorities now-a-days, is not hereditary but is communicated through carelessness from one victim to the rest of the family and, if taken in time, it can under proper treatment be cured. To show to the people of this state, where in seven of us die of tuberculosis of the lungs, that this dread disease can be cured, and to teach them how to keep others from taking it, is the object of bringing the exhibit to Louisville, which is to cost the Kentucky Anti-Tuberculosis Association about \$700 dollars. The exhibit includes no feature objectionable to the most fastidious taste, nothing whatever of danger to any one and is intended primarily for well people, not for those infected with tuberculosis. According to present plans it will be opened in Louisville on Jan. 10th.

On the opening day there will be held in Louisville a meeting of all the County Health Officers to co-operate with the Kentucky Association and meetings of the various County Boards of Health will be held during the week for the discussion of tuberculosis and to assist in the spreading of a great work.

The Magic No. 3

Number three is a wonderful magic for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by R. C. Hardwick drug-dist., 50c.

THE OLDEST MAN IN AMERICA

Escaped the Terrors of Many Winters By Using Pe-ru-na.

"I Attribute my Extreme Old Age to the Use of Pe-ru-na."

Mr. Isaac Brock, 118 Years Old Last Birthday.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 118 years. For many years he resided at Bosque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas. Some time ago, by request, Uncle Isaac came to Waco and sat for his picture, holding in his hand a stick cut from the grave of General Andrew Jackson. Mr. Brock is a dignified old gentleman, showing few signs of decrepitude. His family Bible is still preserved, and it shows that the date of his birth was written 118 years ago.

Born before the United States were formed. Saw 22 presidents elected. Peruna has protected him from all sudden changes. Veteran of four wars. Shod a horse when 99 years old. Always conquered the grip with Peruna. Witness in a land suit at the age of 110 years. Believes Peruna the greatest remedy of the age for catarrhal troubles.

IN speaking of his good health and extreme old age, Mr. Brock says: "After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 118 years I have withstood the changeable climate of the United States."

"I have always been a very healthy man, but, of course, subject to the affections which are due to sudden changes in the climate and temperature. As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy."

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine."

"When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease."

"I had several long sieges with the grip. At first I did not know that Peruna was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peruna for la grippe and found it to be just the thing."

In a later letter, Mr. Brock writes: "I am well and feeling as well as I have for years. I would not be without Peruna."

Yours truly,

Isaac Brock,

A letter dated July 8, 1906, written for Mr. Brock by his wife, Sarah J. Brock, states:

"Last winter I had just gotten up out of a spell of sickness, when I commenced taking Peruna. I think it improved my health very much."

In a postscript, Mrs. Brock adds: "He receives a great many letters inquiring about what Peruna will do. I do not answer them all, as I think they can get a bottle and try it."

BARNES BUDGET.

The farmers have begun to strip their tobacco. It is mostly of a dark color.

Every farmer that is known down here belongs to the Dark Tobacco Association.

Mr. and Mrs. Joseph Fruit have been visiting the parents of Mrs. Fruit, Mr. and Mrs. E. M. Barnes this week. Mr. Fruit also went to Earlington to visit his mother, Mrs. Dan Cartwright, and his sisters.

Miss Hallie Clark closed her school at Fruit Hill last Friday. It was her first term as a teacher but she was eminently successful and was liked by all. We bespeak for her a bright future as a teacher.

Mr. Miles Goode has a brood sow that has made a record. The first litter numbered 14 pigs and the second 18. Mr. Goode is trying hard to raise the last litter, but three have already died. The sow is of the red stock. If anybody has a sow that can beat his he would like to hear from him.

Ford's Chapel (Christian) at Dogwood, on the Greenville road was burned December 8th. Some of the members of the church had started a fire in one of the stoves and a strong wind caused the roof to catch on fire from the sparks. Party insured.

Rev. Page, of Russellville, has been recalled as pastor of New Barren Springs Baptist church at Dogwood for the year 1908.

By a unanimous vote this church agreed to let Bro. H. H. Ford use their church building until the Christian congregation can rebuild next spring.

Miss Mildred Hoard, who has been very ill, is recovering. Dr. Bright, a young physician from Lexington, attended her during her illness. The Doctor has recently located at Fruit Hill and is building up a good practice.

Several from this place attended the concert at LaFayette last Friday night.

Miss May Lou Pace is on the sick list this week.

The first Quarterly Meeting of LaFayette circuit was held at Herndon last Saturday and Sunday. Was sorry that Dr. Lewis, the Presiding Elder, was sick and could not be with us, but Rev. W. T. Miller presided in his place and preached a very fine sermon, taking his text from John 15:5, "I am the vine and ye are the branches. He that abideth in me and I in him, the same bringeth forth much fruit, for without me he can do nothing." After the sermon was over a sumptuous dinner was served, which was enjoyed by all. After dinner the house was called to order by a song, and conference meeting was held. Many visitors from other churches were present.

THE FIRST LETTER A Woman Writes.

THE FIRST LETTER that a sick woman should write or have some one write for her is to Dr. Pierce, of Buffalo, N. Y., asking him if "FAVORITE PRESCRIPTION" is suitable for her case, and he will frankly tell her so if he thinks it is. He may have to ask some questions before he can be sure just what the trouble is.

If you are suffering from uterine disease the symptoms of which are headache, backache, aching, pain in various parts of the body, especially in the pelvic region, bearing-down, inflammation, ulceration, then Dr. Pierce will advise you to use his "FAVORITE PRESCRIPTION" for he has had a wonderful experience in the use of this remedy. It is not a PATENT medicine but it is a VERIFIABLE PRESCRIPTION that became his "favorite" when he was engaged in private practice forty years ago and found that it cured more than ninety-eight out of every hundred of all such cases that came under his care.

The doctor found scores and hundreds of women who were being improperly treated because their troubles were not understood, and he determined to place this remedy that he had used so successfully within reach of the multitudes who were in such need of it.

He made it efficient, agreeable to taste,

and, best of all, safe for any woman, old or young, to use. It is a VEGETARIAN, non-purging, non-drugging, but a vegetable tonic, and invigorating service, and it is the only medicine in the treatment of this class of diseases, and its success of more than half a million of cases attests it to be full confidence.

It stands alone for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed and placed upon every bottle leaving the Great Laboratory in Buffalo, N. Y., where it is made, it is called Dr. Pierce's Favorite Prescription.

It stands alone not only in respect to its ingredients being known, but also as the only specific advertised remedy for women's diseases which absolutely contains NO ALCOHOL.

It stands alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

"I suffered with ovarian trouble for many months until I became quite discouraged, as there was scarcely a day when I was not in pain and my health was simply a wreck," writes Miss Olive Houser, of Syracuse, N. Y. "I read one of your advertisements and decided that I would try Dr. Pierce's Favorite Prescription, as it seemed to have helped so many women suffering as I did. I found relief after using two bottles, and a cure in three months—now when I consider, how miserable I was, am very grateful, and so pleased with my recovery. Life looks different to me now, and I shall always give the credit where it belongs to Dr. Pierce's Favorite Prescription."
